The course is a 4 days workshop and taught by a Certified Rolfing® and Rolf Movement™ Instructor.

**Spectrum Rolfing®** offers:

- a comprehensive introduction into the world of bodywork from a Rolfing perspective. It will provide you with new insights in the areas of body structure, movement coordination, 3-dimensional fascial and functional anatomy and manual bodywork skills.
- appropriate practice for any bodyworker wishing to refresh and deepen their knowledge in the field of structure, movement and touch. It is equally inspiring for those without a professional background who are curious about the human body and its functioning.

**Pierpaola Volpones**

became a Rolf Movement™ Practitioner in 1986 and a Certified Rolfer™ two years later as. In 1996 she was certified as an Certified Advanced Rolfer™. She is practicing Rolfing and Rolf Movement in Rimini. She was certified in 2006 as Rolfing and Rolf Movement instructor and ever since then teaching basic Rolfing trainings and CE workshops.

In her work as a Rolfer she had been strongly influenced by her first teachers Michael Salveson and Jeff Maitland; further studies with Peter Schwind had inspired her a lot, as well as Hubert Godard's view had been a major reference for the Rolf Movement work..
