

WORKSHOP INVITATION

*Rolfing[®] and Trauma
Healing*

William Smythe, M.A.

JUNE 17TH TO JUNE 23RD
AT CHÂTEAU DE ROCHEFORD

This workshop integrates **Rolfing**, **Interpersonal Neurobiology**, and **Somatic Psychology** to identify and resolve traumatic wounding. Students will learn how to “see” and perceive trauma in the body in order to facilitate the release of distressing memories, physical symptoms, and emotions.

“Rolfing works with both habit and trauma.”
– Dr. Ida P. Rolf

Presentation

We've all been traumatized, some more than others. It's only natural that you will discover traumatic wounding while providing Rolfing for your clients. The Structural Integration model we're trained in is excellent for relieving chronic structural problems but not enough to bring resolution to trauma symptoms.

These symptoms are frozen and deeply entangled in the primitive nervous system and when released can cause shaking, trembling, twisting and turning. On an emotional level there can be shame, despair, fear, helplessness, and/or hopelessness. Learning to be present for and managing these responses are essential in our clinical practice.

THROUGH THIS TRIAD OF APPROACHES YOU'LL LEARN HOW TO:

- Identify the signs of trauma and PTSD.
 - Work with explicit and implicit memory.
 - Reconnect the client with their inner resources.
 - Provide support, safety, and containment for your client.
 - Increase your spectrum of touch skills.
 - Resolve traumatic wounding through the Body and Mind.
 - Cultivate presence, timing, and rhythm in facilitating emotional healing.

Testimonials

"The Workshop was amazing.

You provided a really supportive environment in which we all felt safe to share our thoughts, feelings, and experiences. There was an incredible energy in the room; totally unforgettable.

Bill is truly inspiring...encouraging self-reflection and everyone's unique process of change. Without a doubt, for me (and I think for others present) it was about growth - learning how to give and receive. There were techniques presented, but this workshop was much more than just technique.

There were moments that will stay long in my memory. I came with expectations which were met and exceeded. I am still processing and reflecting upon what occurred and if the opportunity arises I will return eagerly."

-Michail Fogerty

"This workshop has been a watershed for me: firstly because I was so lucky to receive a session by Bill, which indeed changed my life. In addition to that I found enrichment and nourishment in the topics addressed and in exchanging experiences, ideas, and inspirations with my colleagues there. We have been a marvelous group. Thanks also to the hearty, respectful and caring assistance and organization by Anna.

About Bill: besides his competence and expertise, humor, and deep knowledge, he was there for each and every one of us (20!!!), bestowing all his energy with sincere generosity.

I am so thankful for that week in Allaman."

- Marzia

"All I can say at this point is that some kind of magic was created that helped each Rolfer get in touch with his/her inner strength and deep inner resources."

- Cheryl
